## EL POPUL CASTELLO – Tango Dj International

or Andrea Gasperini, Musicalizza as a professional since 2000 and acquired international experience and fame thanks to the numerous festivals and gatherings of Tango Argentino which is often invited to. He has worked closely with its reference masters such as Felix Picherna, Mario Orlando and Damian Boggio. His style thorough understanding of orchestras and classical singers of the golden age of Argentine Tango and the music selection each evening draws on two basic elements: the best music 'dance' and the management of the 'energy' of the track in such a way that the dancers can make the most of the music so much for listening as for the dance. Each milonga by el Popul is a different night thanks to its ability to generate new atmospheres through his ability to range between Tango and Tango Classic Modern, Musical curtains to dance or themed selections. His personal artistic touch offers often moments of improvisation and surprise performances. His musicality lessons for dancers are also very famous, not to be missed ...

### **Argentinian Tango DJ since 2000 with experience in the best international context:**

**BUENOS AIRES** (Salon Canning, La Viruta, Sunderland Club, Confiteria Ideal, Porteño y Bailarin, La Nacional)
